

GRE Vocabulary

"Reports of financial corruption are"

"She figured that, to rise to the top, it was best to be about her personal life; thus, even her closest colleagues were left speculating at the water cooler about whether her growing belly actually indicated a pregnancy she simply declined to mention to anyone."

"The company was purchased by a larger competitor, and the employees grew as the new bosses curtailed their freedoms and put a hold on their projects."

"Look, I am telling you some of the serious consequences of global warming, as predicted by the scientific establishment - I think you're just to complain I said "carbon monoxide" when I meant "carbon dioxide.""

Exercise 12
