

GRE Vocabulary

"Do you really believe that toilets flush one way in the Northern hemisphere and another way in the Southern? Any physicist would be happy to you of that silly notion."

"This hotel was described as "near all the hot spots," but I didn't realize that I wouldn't be able to sleep due to the all-night ... from partygoers."

"She might have Teacher of the Year at work, but at home, her husband wished she would turn off her personality. "Honey," he said, "I really don't need you to use everything as a learning opportunity."

"The child was disappointed when the storybook turned in the end, with the teddy bears - and the reader - being admonished never to lie."
